Sir:

This is in response to the Office Action dated May 16, 2005. Please amend the claims in accordance with the attached Claim Sheets. It is noted that Claims 1-12 and 14-20 have been rejected. Respectively, independent Claims 1, 10 and 17 have been amended as indicated in the attached Claim Sheets to exclude the phrase "transferring data as data words having bit width which is multiple of the bit width of the input data". Basis for this term is found on paragraph [0043] in combination with reference to Fig. 8 and in other parts of the Specification.

Claim 13 had been previously canceled. It is not believed that extensions of time or fees for net addition of claims are required, beyond those that may otherwise be provided for in documents accompanying this paper. However, in the event that additional extensions of time are necessary to allow consideration of this paper, such extensions are hereby petitioned under 37 C.F.R. § 1.136(a), and any fees required therefore (including fees for net addition of claims) will be paid upon request.
